

Our [2019 Annual Questionnaire](#) is live!

The PRIDE Study just released our 2019 Annual Questionnaire (AQ)! Dr. Juno Obedin-Maliver lays out some important changes to this year's survey, which includes splitting up the AQ into two separate questionnaires—the **Lifetime Health and Experiences Survey** and the **AQ 2019**—that cover different periods of time. [Learn more from our blog](#) or [start the 2019 AQ today!](#)

Note: we'll be taking a hiatus from our August newsletter as a mental health break. Enjoy your summer and see you in September!

Community review session in Sacramento on July 18

Thanks to all the Bay Area volunteers who joined us for our successful photoshoot showcasing members from the LGBTQ+ community! This month we're headed to Sacramento for a community review session to review materials and messaging for a national health study at [The Sacramento LGBT Community Center](#).

Become a PRIDEnet Ambassador – and get paid!

Calling all skilled storytellers, artists, community organizers, and/or social media mavens! If you're passionate about LGBTQ health and want to serve your local community by shaping the future of LGBTQ health research, apply to become a PRIDEnet Ambassador! Ambassadors are expected to attend monthly meetings and collaborate on 2 engagement events (digital or in-person) per year. A \$1000 stipend, distributed once every 6 months, is paid in consideration of your time and effort.

Please attend one of the following information sessions for an intro to our current LGBTQ health research projects, including The PRIDE Study and the All of Us Research Program (AoURP). We'll also take time to discuss the role of PRIDEnet Ambassadors + an overview of the application process:
